

DCA DEHUMIDIFIER CORPORATION OF AMERICA, INC.

**Commercial / Industrial
Dehumidification Systems**

Industrial Strength Applications

One drop of moisture. No sweat. Multiply that drop by 100 and you have rust. Times 1,000 and you have a puddle. 1,000,000 drops and you could have a real problem on your hands.

DCA (Dehumidifier Corporation of America) designs and builds industrial strength dehumidification systems that control humidity and eliminate damaging condensation in practically any environment.

From the laboratory to production lines around the world, DCA systems are helping to reduce maintenance and improve productivity in the most extreme conditions.

Common Dehumidifier Applications

Warehousing & Storage Facilities

Underground Switching Stations

Printing & Silk Screening Operations

Grinding & Machine Shops

Metalizing Houses

Laboratories & Computer Rooms

Water Treatment Plants

Ice Hockey Arenas

Libraries & Archive Storage

Swimming Pool Facilities

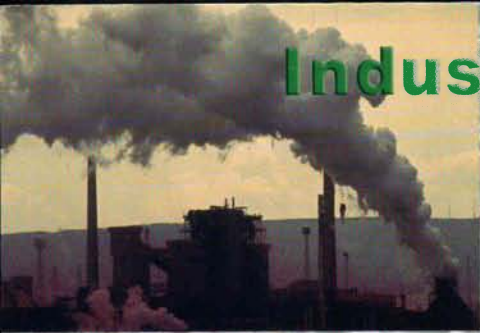

Pipe Galleries

Food Processing Plants

Data Base & Record Storage

Health & Fitness Facilities

Powder/Spice Blending & Mixing

Industry Leading Engineering and Application Assistance

Our engineering department takes great pride in researching and integrating the latest proven refrigeration innovations, assuring industry leading energy operating and performance efficiencies.

Our friendly and competent application engineering staff's main goal is to assist in making your dehumidification project a success in every respect.

Our trained factory representative organization assures that wherever a need for dehumidification arises, a fully qualified DCA sales person is nearby to assist you.

The Finest Warranty in the Industry

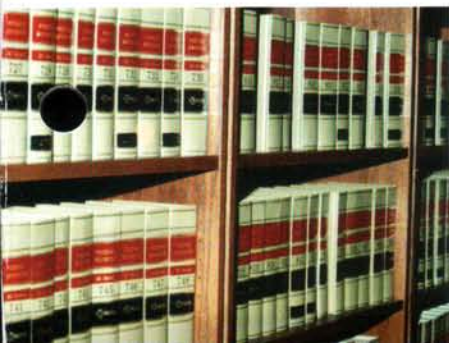

At DCA we offer a "No Quibble" 3-Year Parts Warranty on every dehumidifier and remote condenser we manufacture. No other dehumidifier manufacturer currently offers a warranty this comprehensive.

State-of-the-Art Manufacturing

DCA's Wisconsin manufacturing facility embodies the latest refrigeration manufacturing practices and techniques. Our skilled craftsmen, many with over twenty years of experience in the industry, make sure that each DCA dehumidifier is built to the highest of industry standards. Exhaustive quality control techniques assure that each unit performs to the highest expectations for many years.

DCA DEHUMIDIFIER CORPORATION OF AMERICA, INC.

DCA Delivers Experience, Innovation, & Performance

From design and engineering to manufacturing and service, DCA is the industry leader with over three decades of dehumidifier experience.
